

NY Society of Cosmetic Chemists Supports **Look Good... Feel Better**

On January 23, 2010 the New York Society of Cosmetic Chemists (NYSCC) generously donated \$10,000 to the **Look Good...Feel Better** program at their First Annual NYSCC Chairman's Charity Event.

Chairman Joe Albanese said he chose **Look Good...Feel Better** as the first charity program to receive this donation because it is the cosmetic industry's flagship charity. "I selected **Look Good...Feel Better** specifically because it is in perfect alignment with what we, as an organization of cosmetic chemists, are all about. Namely, we are all in the business of helping people, and especially women, look good and feel better every day of their lives," said Albanese.

"We are grateful to the New York Society of Cosmetic Chemists for their generous donation to our program. With their contribution we will be able to continue to serve and help woman who are dealing with the appearance related side effects of cancer," said Louanne Roark, the executive director of The Personal Care Products Council and **Look Good...Feel Better**. The event, with 160 people in attendance, was held at the historic Central Railroad of New Jersey Terminal at Liberty State Park. The night started out with a scenic New York City harbor cruise followed by a dinner and dancing.
